# PROTECTIVE DRAPES AND INTERIOR

Protective Drapes for Lift Cars	77
Folding seats	78
Ram protection strips	78

## PROTECTIVE DRAPES FOR LIFT CARS

The high-quality drapes amortise fast, are easy to install and can protect the interior effectively. KAPOK'88 drapes are flame retardant. They are equipped with a transparent PVC window in front of the control panel as well as a sign showing "attention glass" or "mirror behind" if applicable. The protective drapes are water-repellent and easy to clean.

KAPOK'88 drapes are shipped in a firm bag. A number of permanent and temporary mounting options allow maximum flexibility. The drapes are available in beige, blue, grey, brown or black PU.
