PIT CONTROL UNIT

Item No.	Description
90111002007	Pit control unit, 2-function with 37 m connection cable
90111002011	Pit control unit, 2-function with 55 m connection cable
90111002100	Pit control unit, 2-function with type F socket and stop switch
90111003000	Pit control unit, 3-function, turn release
90111003002	Pit control unit, 3-function with 10 m connection cable
90111003006	Pit control unit, 3-function with 30 m connection cable
90111003100	Pit control unit, 3-function with type F socket, stop switch and emergency button
90111003101	Pit control unit, 3-function with type F socket, light switch and stop switch
90111003102	Pit control unit, 3-function, pull release
90111004000	Pit control unit, 4-function with type F socket, light and stop switch and emergency button
90111004001	Pit control unit, 4-function with 5 m connection cable
90111004002	Pit control unit, 4-function with 10 m connection cable
90111004003	Pit control unit, 4-function with 15 m connection cable
90111004004	Pit control unit, 4-function with 20 m connection cable
90111004005	Pit control unit, 4-function with 25 m connection cable
90111004006	Pit control unit, 4-function with 30 m connection cable
90111004007	Pit control unit, 4-function with 35 m connection cable
90111005000	Pit control unit, 4-function with 5 m feeding cable
90111005002	Pit control unit, 4-function with 10 m connection cable and 5 m feeding cable
90111005004	Pit control unit, 4-function with 20 m connection cable and 5 m feeding cable
90111005005	Pit control unit, 4-function with 28 m connection cable and 5 m feeding cable
90111005007	Pit control unit, 4-function with 37 m connection cable and 5 m feeding cable
90111005009	Pit control unit, 4-function with 46 m connection cable and 5 m feeding cable
90111005011	Pit control unit, 4-function with 55 m connection cable and 5 m feeding cable
90111005013	Pit control unit, 4-function with 64 m connection cable and 5 m feeding cable

MAIN SWITCH

+ DIN EN 81/20
+ DIN EN 81/50

MAIN SWITCH

Item No.	Description
90117001003	Lockable main switch with casing, 32A
90117001004	Lockable main switch with casing, 40A
90117001005	Lockable main switch with casing, 63A
90117001007	Lockable main switch with casing, 100A
90117002002	Lockable main switch for installation, 25A
90117002003	Lockable main switch for installation, 32A
90117002005	Lockable main switch for installation, 63A

INSPECTION BOX

+ DIN EN 81/20
+ DIN EN 81/50

INSPECTION BOX

Item No.	Description
90112004000	Return control, 4-function

WEDGE CLAMPS FOR LIFT CABLES

1

2

3

Item No.	Description	
0981010050	Wedge clamp for flat cables (max. 18 conductors) , max. cable size 10x50 mm	1
0981017080	Wedge clamp for flat cables (max. 24 conductors) , max. cable size 17x80 mm	2
0982000026	Wedge clamp for round cables Ø 6–26 mm	3

MAGNET HOLDER KITS FOR GUIDE RAILS

By the use of a variety of our modular fastening system, it is possible to place the magnets outside of the guide rails. The magnet holder kit can be fixed to standard guide rails of different sizes. Therefore, an installation of the magnets between two parallel running guide rails is possible.

FIXING KIT: • Support plate bolt, M5 x 30 (x2) nut
• Left part (adjustable), right part (fixed) • Threaded studs

MAGNET HOLDER KIT: • Magnet holder with bolts M4 x 14 (x2)

MAGNET HOLDER KIT (EXTENSION): Connecting part with bolt M4 x 14 (x2)

FIXING KIT

Item No.	Description
903999001	Fixing kit for magnet holder systems

MAGNET HOLDER KIT

Item No.	Description
90301000002	Magnet holder kit for position switch support
903999004	Mounting set for limit switch

MAGNET HOLDER KIT (EXTENSION)

Item No.	Description
90301000001	Magnet holder extension kit for position switch support
