FOCUS ON QUALITY YOUR LIFT EXPERT

WIRE ROPE TRACTION HOISTS

Wire Rope Traction Hoists 117

WIRE ROPE TRACTION HOISTS

Wire rope traction hoists are the ideal drive system for lifts, elevator installation, suspended working platforms and height-adjustable work locations.

The product allows an unlimited lifting height.

The wire rope passes through a traction sheave. Friction between a V-shaped groove of the sheave and the rope pressed in the groove produces the traction.

TECHNICAL DATA: Quality is our central concept. All hoists are Made in Germany. They offer the highest standards and meet exactly the market's demands.

Guaranteed by several comprehensive dynamic, static and safety tests.

NOTE: Consequently we offer customized wire rope traction hoists for man riding as well as material handling and all necessary accessories.

GENERAL INFORMATION: Safety is priority: The wire rope traction hoists meet the standard DIN EN 1808, CSA Z-271, UL 1323 or ANSI 17.1 requirements. The overspeed fallarrest has a shock factor 15% better than DIN EN 1808 requires. Overspeed safety lock (also with electric switch) and inclination safety lock are optional safety devices for manriding traction hoists. The hoists are also available with a radio remote control or a telematic solution for theft protection and distance maintenance. All products have safety certificates, such as CSA, UL and CE.

MANRIDING HOIST ACCORDING EN 1808 WITH PLUG-IN PENDANT CONTROL AT THE HOIST, 2,5M CABLE						5M CABLE
Item No.	Description	Payload	Rope	Speed	Voltage	Frequeny

ROPES AND CUTTING		
Item No.	Description	
067999015	Rope 8 mm for guided loads	
067999024	Thimble and hook 8 mm including cutting	
067999006	Rope 10.2 mm for guided loads	
067999036	Thimble and hook 10.2mm including cutting	
067999040	Rope 14 mm for guided loads	
067999041	Thimble and hook 14 mm including cutting	

ACCESSO	RIES		
Item No.	Description		
067999002	Remote control for hoist		
067999004	Block with 1 pulley		
067999007	Rope tensioning weight		
067999010	Basic extension for hanging switch		
067999011	Extension cable for hanging switch		
067999012	Wall bracket for hoist		
067999017	Adapter with eye-hook fixing on bottom of hoist, payload 1.000 kg		
067999025	Emergency limit switch at hoist (upper fixing)		
067999026	Rope guide spring, max. 100 m, 10 mm rope		
067999027	Adapter elevator construction		
067999031	Safety bond 2,5 m long with SOCS-hook 6-8		
067999042	Clamp 5,0 t with 1 pulley		
067999043	Rope weight with pulley for 14 mm rope		
067910101	Overspeed Safety Lock OSL 1010 CE		
067910102	Overspeed Safety Lock OSL 1010 CE-E		

Inclination Safety Lock + Radio Remote Control
