TEST PLATE

Breaking strength > 4000 daN

Ref. : 1009490 : for anchor 500 kg / breaking load 600 daN

1009491 : for anchor 1000 kg / breaking load 1500 daN

1009492 : for anchor 1300 kg / breaking load 2000 daN

1009494 : for anchor 2000 kg / breaking load 3000 daN

1009493 : for anchor 2600 kg / breaking load 4000 daN

Material : stainless steel 304L Ep:4mm

Weight : from 120 to 170 g

Use :

This plate is used to test the anchorage points and determine their breaking strength (from 500 to 2600 DaN)

Patent : n° 0006112
